A competitive program in the USA
Gymnastics Jr. Olympic Program
<www.philadelphiaboysgymnastics.org>

The primary purpose of this program is to provide Philadelphia-area youth with a quality training and competitive experience in boys' gymnastics, within the framework of the USA Gymnastics Boys' Jr. Olympic Structure. The secondary purpose is to support the Temple University Men's Gymnastics Team. Our facility is in the 4700 Wissahickon Avenue industrial complex (building L) in the Germantown section of Philadelphia. The parking lot entrance is either off Abbottsford Av (entrance B) or Roberts Av (entrance A). You'll see a double glass door entrance near the Roberts Av entrance with our name and logo by it. Go through the glass door, walk up to the 2nd floor, pass through a second glass door, pass Clarisse on the right, then pass through the next door into a long hall and see PBG on the right at the end of the hall.

Students register with USA Gymnastics via email from USAG.

Season calendar and activity costs (September-May):

The competition and activity calendar will be determined by the coaching staff prior to the start of each season. We enter a number of meets each season December-April and will send those who qualify to the various season-ending meets. Expenses for these meets and activities (travel, housing, food, entry fees, competition uniforms) will be covered by individual families and the Parents' Association (see below). **Note: These costs can total \$1000+ per season for each gymnast.**

PBG Team Parents' Association:

All families will be required to help with the **PBGTPA**. We conduct the **Fred Turoff Invitational** each February which helps defer activity costs for individual families. The president will contact any new family to give necessary information.
